PROFESSIONAL SUMMARY

Results-driven WordPress Freelancer with 9+ years of experience designing, developing, and maintaining custom websites, WooCommerce stores, and scalable web solutions. Skilled in WordPress development, Elementor, WooCommerce, Advanced Custom Fields (ACF), custom theme development, API integrations, and website performance optimization. Experienced in collaborating with digital agencies, startups, and businesses to deliver high-quality, user-focused websites. Strong problem-solving abilities, attention to detail, and a commitment to delivering reliable white-label development support and exceptional client experiences.

PROFESSIONAL EXPERIENCE

WordPress Developer (Freelancer) | 2025 – Present

- Deliver high-quality WordPress and WooCommerce solutions for agencies and businesses worldwide.
- Build custom WordPress themes, plugins, ACF-powered solutions, and third-party API integrations.
- Transform Figma, Adobe XD, and PSD designs into responsive, pixel-perfect, production-ready websites.
- Improve Core Web Vitals, accessibility, website performance, and technical SEO.
- Utilize AI-powered development tools to enhance efficiency and accelerate project delivery.
- Provide ongoing maintenance, troubleshooting, security updates, and performance optimization.

Senior Frontend Developer – WordPress | E2M Solutions Pvt Ltd | 2018 – 2025

- Developed and maintained scalable WordPress websites for international clients across various industries.
- Built custom WordPress themes and functionality using ACF Pro, Elementor, PHP, HTML, CSS, and JavaScript.
- Optimized website performance, Core Web Vitals, accessibility, and technical SEO implementation.
- Converted Figma, Adobe XD, and PSD designs into responsive, pixel-perfect, and cross-browser compatible websites.
- Provided ongoing maintenance, troubleshooting, bug fixes, and website enhancements.

Frontend Developer | *Waltfox Ventures Pvt Ltd* | 2017 – 2018

- Developed responsive and user-friendly websites using HTML, CSS, Bootstrap, JavaScript, and jQuery.
- Ensured cross-browser compatibility and mobile-first responsiveness across various devices and screen sizes.
- Converted design mockups into pixel-perfect, production-ready web pages.
- Maintained and enhanced existing websites by implementing new features and resolving frontend issues.

HTML Developer | *Keshav Infotech Pvt Ltd* | 2015 – 2017

- Converted PSD and design mockups into responsive, pixel-perfect HTML/CSS layouts.
- Developed and maintained websites using HTML, CSS, Bootstrap, JavaScript, and jQuery.
- Ensured cross-browser compatibility and responsive user experiences across desktop, tablet, and mobile devices.
